AGORA for Colleges: Entity Relationship Diagram (44 tables)

Colors

- Identity (8)
- College setup (8)
- Templates & assessments (9)
- Submissions & scoring (4)
- Grades & analytics (9)
- AI & platform (6)

Line: parent (1) to child (many).
users.created_by and colleges.created_by point to users (not drawn).
college_id on semesters, programs, courses and classes also points to colleges (checked by composite keys).
